2. (Confidential - JGO) Received a call from Mr. George Lowrance, Special Assistant to Senator Lloyd Bentsen (D., Texas), inquiring as to the status of Senator Bentsen's request to review the Agency rules implementing Executive Order 10501, relating to the safeguarding of official information in the interest of the defense of the United States. I also told him there was hope that authority would be granted late in the day or tomorrow.

5. (Secret - JMM) Briefed Bill Woodruff, Counsel, Senate Appropriations Committee, on two major failures in the Soviet space program and the promising initial performance of a sensitive Agency project.

I provided Woodruff with a breakdown of the figures for operations involving the Agency in Laos for FY 72 - both our own operations and those [REDACTED]

In discussing Chairman Ellender's plans for the community Defense budget, Woodruff commented that the testimony of Admiral Gayler in defense of NSA has not gone over at all well. He said Chairman Ellender remained determined to make substantial cuts in the budgets of NSA and DIA and estimated that these cuts might approximate \$400 million.

I explained to Woodruff the line we had taken reviewing for publication the transcripts of the secret Senate session on Laos emphasizing that we had steadfastly opposed any reference to Agency involvement with [REDACTED]

Woodruff feels there is an even or better chance that some form of the Symington amendment limiting U.S. expenditures in Laos to \$200 million for FY 72 would pass the Senate.

6. (Secret - JMM) Briefed Ralph Preston, of the House Appropriations Committee staff, on two recent Soviet space failures [REDACTED]
